**Faith communities already play a positive role in their neighbourhood to support people most in need. This event will bring people together to hear about their work and share ideas of how we can connect better to help others.**

Leaders from faith communities and public organisations will sign the Essex Faith Covenant and make a commitment to take action to build trust, strengthen community cohesion and launch activity to help tackle isolation and loneliness in Essex communities.

Come and sign the pledge and make a difference in your community.

- hear from guest speakers from Faith Action and the All Parliamentary Group on Faith
- think about community projects in world café discussions with faith leaders
- sign a pledge to promote multifaith action in Essex

---

Followed by a celebratory multifaith supper until 9.00pm
